ALL-PURPOSE CLEANERS

ECOS® PRO All Purpose Cleaner, Orange Plus®

All Purpose Cleaner is a cleaner and degreaser that effectively lifts dirt, grime, scum, grease and adhesive residue with the power of citrus plants. Use it to clean and fight odors on water-safer surfaces. This readily biodegradable formula is made using many sustainable, plant-powered ingredients. Made without dyes; greywater and septic safe. Refreshing citrus scent.

PL9706/6 - 6 pk - 32 oz spray
PL9706/04 - 4 pk - 1 gallon

GHS Compliant Label
Warning: Eye Irritant

ECOS® PRO All Purpose Cleaner, Degreaser Concentrated 1:128, Orange Plus®

All Purpose Cleaner is a highly concentrated, powerful cleaner and degreaser and can be diluted to different concentrations for a variety of applications (see chart below). This readily biodegradable formula lifts dirt, grime and scum and degreases with the power of citrus plants. Use on water-safe surfaces; allow 60 seconds dwell time on extremely dirty surfaces. Made without dyes using many sustainable, plant-powered ingredients; greywater and septic safe. Refreshing citrus scent.

PL9748/04 - 4 pk - 1 gallon
PL9748/05 - Pail - 5 gallon

Danger: Causes serious eye damage. May cause an allergic skin reaction.

NOTE: When diluted at 1:128, not classified as hazardous.

DILUTION RATIO	PURPOSE
1 oz. Concentrate to 128 oz. water	General cleaning
1 oz. Concentrate to 64 oz. water	Heavy-duty cleaning

WARE WASH

ECOS® PRO Dishmate® Manual Dish Liquid, Pear and Free & Clear

Highly-effective manual dishwashing liquid cleans and cuts grease without drying out skin. Quick-rinse formula leaves less residue on dishes for faster, more thorough rinse time, eliminating residue and reducing water usage. Available in Pear and Free & Clear. Hypoallergenic, readily biodegradable formula, pH balanced formula is made using sustainable, plant-powered surfactants. Made without dyes; greywater and septic safe.

DISHMATE® TIP

Dishmate® was formulated with low-foaming surfactants that cut through grease, remove foods and rinse very quickly. This is important because a quicker rinse means less water use, and less time and labor spent rinsing. Surfactants do the dirt and grease-lifting; bubbles and lather don't clean.

ECOS® PRO Wave® Commercial Automatic Dishwasher Detergent, Free & Clear

Formulated specifically for commercial automatic dishwashing machines, this product is less viscous than our standard Wave® formula, allowing liquid to be easily pulled through tubes from the container to the machine. Cuts through grease and dried-on food. Will not etch china, glass or plastics and is safe for fine items like porcelain, silver and crystal. Works in all temperatures and in all automatic dishwashing machinery. Readily biodegradable formula, pH balanced formula is made using sustainable, plant-powered surfactants. Made without dyes; greywater and septic safe.

PL9440/05 - Pail - 5 gallon
PL9440/55 - Drum - 55 gallon

Warning: Eye Irritant

WAVE® TIP

Once per month, pour 1 cup of white distilled vinegar into the bottom of the dishwasher and letting it run empty on the hottest temperature to clean your dishwasher and keeps it smelling fresh.

Many states have banned phosphates in household dishwasher detergents, and two states have banned phosphates in commercial dishwasher detergents. Acting as an aggressive fertilizer, phosphates cause plant life to grow at explosive rates in lakes, rivers and waterways. Algae blooms across water's surface, blocking air and sunlight from the natural interplay that oxygenates water, affecting marine life, insects and underwater plant life. ECOS® PRO Wave® and Dishmate® are phosphate-free.

FLOOR & UPHOLSTERY

ECOS® PRO Floor Cleaner, Orange Plus®

Formulated for hardwood and laminate flooring, Floor Cleaner lifts dirt and fights odors. Removes grease, dirt, and even tough scuff marks while maintaining the floor's natural shine. Simply spray and wipe with cloth or microfiber mop. Leaves floors with a like-new clean and a fresh, neutral scent. Can also be used on ceramic, tile or vinyl flooring. Readily biodegradable formula, pH balanced formula is made using many sustainable, plant-powered ingredients. Made without dyes; greywater and septic safe.

ECOS® PRO Furniture Polish, Lemon

Furniture Polish cleans, conditions and protects wood and leather surfaces. Meticulously formulated with a blend of olive, lemon and orange oils for superior performance, Furniture Polish permeates wood, restoring it to a fine glow. Works on finished or unfinished wood surfaces. Contains no silicone. Use on leather, laminate, sealed granite, particle board and vinyl surfaces. Readily biodegradable, pH balanced formula is made using many sustainable, plant-powered ingredients. Made without dyes; greywater and septic safe. Fresh lemon scent.

PL9731/6 - 6 pk. - 32 oz. spray

Warning: May cause an allergic skin reaction.

ECOS® PRO Graffiti Remover, Free & Clear

Removes unwanted graffiti: effectively removes paint, ink, permanent marker, crayon and adhesive from hard surfaces. Can penetrate and remove graffiti from porous surfaces such as brick, stone or concrete. When cleaning plastic, laminate and painted surfaces, dilute at a 1:2 ratio (or spray on cloth) and test for the correct strength. Increase strength as needed. Readily biodegradable formula is made using many sustainable, plant-powered ingredients. Made without dyes; greywater and septic safe. Free & Clear.

PL9347/6 - 6 pk. - 32 oz. spray

Danger: Causes serious eye damage. May cause respiratory irritation. Combustible liquid.

ECOS® PRO Daily Whiteboard Cleaner

Daily Whiteboard Cleaner helps maintain clean writing surfaces by effortlessly removing dry-erase marker from whiteboard, marker board, dry-erase board, dry-wipe board, or pen-board. Cleans boards after daily use without affecting surface for future use. Readily biodegradable, pH balanced formula is made using many sustainable, plant-powered ingredients. Made without dyes; greywater and septic safe.

LAUNDRY TIP

After removing clean laundry from a high efficiency, front-loading machine, it's a good idea to leave the door open and allow the machine to dry out. Closing the door immediately after use can trap moisture in the machine, which can cause mold and mildew to grow.

ECOS™ PRO OxoBrite® Oxygenating Whitener, Free & Clear

OxoBrite® non-chlorine whitener and brightener removes stains by releasing oxygen when activated by water. The released oxygen then penetrates the stain's molecules and the stain disappears. Has dozens of uses: a laundry pre-soak or booster, a whitener, a carpet spot cleaner, bathroom grout cleaner; even works on a garage or shop floor. Color-safe and compatible with high-efficiency machines, OxoBrite® is effective against oil-based and water-based stains and effective in all temperatures. Made using mineral-based ingredients. Free of synthetic perfumes and made without dyes; greywater and septic safe.

PL9892/04 - 4 pk. - Jug - 8.5 lb.

Danger: Causes serious eye damage. Harmful if swallowed.

SUSTAINABLE MANUFACTURING

A majority of ECOS® PRO Products are made in the U.S.A. using thoughtfully sourced global ingredients in four geographically diverse manufacturing facilities across the U.S., listed below. We source locally and ship regionally to:

- Dramatically reduce carbon emissions
- Create green jobs in the U.S.
- Support local economies
- Reduce our costs to keep prices low

All of our U.S. facilities are powered by 100% renewable energy and equipped with solar panels. We are the first company to be carbon neutral, water neutral and TRUE Platinum Zero Waste certified.
